WELCOME TO TELOK BLANGAH!

Telok Blangah Division recently had a welcome session for 200 new residents to help them settle in and get to know their neighbours and the community better.

The highlights of "Welcome Tea Party @ Telok Blangah!" were the ice-breaker games and sharing session facilitated by the community leaders of the various Grassroots Organisations. The audience also engaged in group discussion where good neighbourliness practices were shared. The event, held on 30 Nov 2014, ended with a dialogue session where Mr Lim Hng Kiang, Minister for Trade and Industry, and Adviser to Telok Blangah Grassroots Organisations, addressed queries and doubts regarding existing community issues.

BOON LAY DRIVE RESIDENTS IN FAVOUR OF NEIGHBOURHOOD RENEWAL PROGRAMME

A Better Home: This is what residents of Block 174 to 179 Boon Lay Drive can expect if they show their support for the Neighbourhood Renewal Programme (NRP). They had viewed the NRP exhibition and participated in the consensus gathering exercise held from 11 to 14 Dec 2014. The consensus gathering exercise yielded overwhelming support from 90.2% of the residents.

Mr Lawrence Wong, Minister for Culture, Community and Youth, Second Minister for Communications and Information, and Adviser to Boon Lay Grassroots Organisations, officiated the launch of the consensus gathering exercise, and thanked residents who turned up to view the exhibition. He said: "The upgrading for your precinct focuses on practical improvements like provision of covered walkways, drop-off porches, and barrier-free access ramps. In addition, existing open spaces within the precinct will be enhanced with new facilities like fitness corners, children's playgrounds, a multi-purpose court and even a community hall." Residents do not need to pay for the NRP, as it is fully funded by the Government.

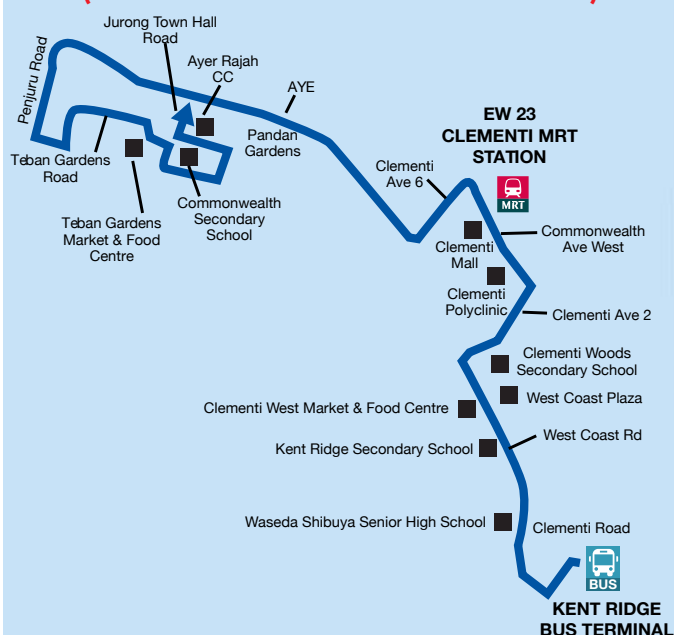

Mr Wong added: "With your support of the estate renewal efforts by the Government, we can look forward to make Boon Lay an even better home for you and your family."

Tender for the improvement works is expected to be called in the Second Quarter of 2015. Work is expected to commence in the fourth quarter of 2015 and will take about 15 months to complete.

Dear Sir,

I would like to give my compliments to Miss Keryn, the oic of West Coast Market Square @ Blk 726, for the helpful service that she has rendered today.

I've made my feedback on scattered broken glass bottles at the walkway near bus stop in front of West Coast Market Square this afternoon. Initially I was told that it is under the purview of LTA, but seeing that it was lunch hour crowded with patrons, Keryn wasted no time in sending her worker to clear it up within 15 mins time.

Appreciate Keryn's responsive attitude. Instead of tai-chi me to LTA, she took up the responsibility with no hesitation and cleared up the broken glass in view of the public's safety. She even made the effort to update me after the work has been done, which most of the Town Councils never did. I must say, Keryn has shown great civic responsibility in extending her help to the public, not only for matter that is supposedly under her charge.

All over the years, I've seen different agencies quibbling over issues such as who to resolve/take charge of cases that I had feedback on, but West Coast Town Council has proved that birds of the feather do not flock together. I am impressed!

Well done Keryn and West Coast Town Council! This should be the exceptional quality of service that an agency should provide.

Michelle T.

Dear General Manager of West Coast Town Council,

I want you to know you have an exceptional employee, Jessica Lu. Over the years, my mum had requested for the trees around our unit to be pruned but without success. Fortunately for us, we were directed to Jessica recently. She was absolutely devoted to finding out the problems we faced; the dark and gloomy environment, mosquito breeding and, above all, the exact location of the trees which my mum was talking about. She did a site recce and was quick to get the trees pruned. Jessica's dedication, hard work and efficiency are rare indeed. If the quality of an organisation's employees is an indication of future success, then West Coast Town Council has a very bright future. Please convey our special thanks to Jessica.
