West Coast Town Council has stepped up cleaning & disinfecting facilities

For your safety during this Covid-19 period, West Coast Town Council has stepped up its cleaning regime. High human contact areas are being cleaned more frequently and all lift buttons now have a long-lasting self-disinfecting coating. Let's continue to stay healthy and safe. Together, we can overcome Covid-19 as one community.

All lift buttons coated with self-disinfecting agent!

The lift buttons were wiped clean before treatment, then a thin layer was sprayed on the cleaned surface. The sdst was spread evenly with a non-absorbent cloth, then left to dry for 10 to 30 minutes. Normal cleaning with a soft cloth can be continued for up to 90 days.

In March this year, the Town Council sprayed all the buttons in all the HDB lifts and lift lobbies in our Town with a self-disinfecting agent.

Following that application, the Town Council has applied another round of the anti-microbial to safeguard against viruses and bacteria.

The self-disinfecting agent has also been used to coat frequently touched surfaces in Changi Airport. Besides lift buttons, trolley handles and touch screens are coated with it.

The revolutionary and eco-friendly active ingredient in sdst enables treated surfaces to become self-disinfecting for 90 days as it molecularly bonds to most surfaces semi-permanently.

The bonding is strong enough to withstand repeated cleaning for three months.

Based on test results from many countries, it is effective against COVID-19, but harmless to your skin or the environment.

REMINDER

Although it is ideal for keeping frequently touched surfaces germ-free, the sdst coating can be scratched off. So make sure you press the lift button with your finger tips. Never use a key or other hard object.

Bouquets

Dear Sir/Madam,
My name is Louise Tay and I have been staying at Blk 45, Telok Blangah Drive, for around a year. My initial few months were quite unpleasant as I found the estate wanting in cleanliness (as compared to the Radin Mas constituency where I had been staying for 17 years) and full of unpleasant noises.

Throughout this one year, I have been making numerous complaints which the cleaners and staff at Telok Blangah branch office resolved promptly (the latest will be by next day) and to the best of their ability. I am extremely glad and thankful that I have such professional and responsible people serving the residents. Kudos to them! It was really because of them that I felt that the cleanliness of the estate has improved dramatically and the creative/innovative measures they put in place have helped to make the estate more peaceful.

Please send them my heartfelt compliments!

Dear Sir or Madam,
I would like to highlight the efficiency of Miss Lau Qiy Yi for having promptly responded to my feedback regarding the miss-alignment of tiles on the wall next to the lift on my floor. I emailed her on Sunday Jan 5 in the afternoon regarding the shoddy tiling done and that it was an ugly sight. We would probably have to live with this for many years if not rectified. To my pleasant surprise a worker came on Monday 6 Jan and hacked out the tiles to re-do it, properly this time.

I hope Miss Lau and the project manager will be duly appreciated for their efficiency. I also wish to express my appreciation of the way Jurong Town Council manages the estate. The rejuvenation of the estate and the park is much appreciated.

Once again thank you.

Regards, Irene Li.
