

WHAT WENT ON!

Home Visits

I hope that the year of the Dragon has been off to a great start for everyone.

It is with great pleasure to share with you the festivities and celebrations that we have enjoyed together.

Chinese New Year Celebration

I joined several gatherings in West Coast over the Chinese New Year period. It was great meeting everyone and their families, and sharing the developments in and around their homes, including work that is going to begin on the West Coast station of the Cross Island Line.

Chingay @ The Heartlands

We were glad to see many residents eagerly waiting to see the Chingay floats, and participating in the community carnival. Glad that many families spent the evening celebrating Chingay @ The Heartlands together.

Ramadan Distribution

We distributed porridge for Ramadan, for our residents as well as workers in the area - thankful to our team from West Coast Vista for organizing.

Education Merit Awards

DESMOND LEE

**Minister for National Development &
Minister-in-charge of Social Services Integration
Adviser to West Coast GRC GROs**
