# West Coast Advisers Bond with Muslims at Breaking of Fast

Fasting is a key feature during the Muslim holy month of Ramadan, with the emphasis on giving, caring and strengthening of bonds among relatives and friends.

The 'opening of the fast' event at Ayer Rajah Community Club on 11 May 2019 was joined by MPs to West Coast GRC and Pioneer Constituency Mr S Iswaran, Mr Lim Hng Kiang, Mr Patrick Tay, BBM, Ms Foo Mee Har and Mr Cedric Foo where they shared a meal and bond with over 1,000 residents.

The weather enhanced the warm ambience as the Advisers performed the symbolic scooping of porridge, and distributed 'nasi ambeng', a dish of rice and chicken or beef, as they mingled with residents. A memento of the occasion was the numerous photos taken by participants together with their families and Advisers!

## Some pointers on the significance of fasting by Muslims:

★ Ramadan falls on the ninth month of the Islamic year. During Ramadan, Muslims fast from dawn to sunset and perform religious duties, such as reading the Quran.

★ Puasa is "fasting" in Malay. Fasting in Islam means abstaining from eating, drinking, smoking and indulging in any form of behaviour that serves to nullify the fast. Fasting is viewed as a means of controlling one's desires (of hunger, thirst, sexuality, anger) and focusing on devoting oneself to God.

★ The end of the fasting month of Ramadan is celebrated with Hari Raya Puasa. It is a time of forgiveness within the Muslim community and a time for strengthening bonds among relatives and friends.

★ The breaking of fast can be performed individually or as a group. As part of the Ramadan tradition, mosques around Singapore also distribute bubur lambuk (rice porridge).

# Yes, we're looking forward to our new lifts

Artist's impressions of what the our lifts will look like when installed.

With a resounding “Yes”, residents in selected apartment blocks at West Coast Drive/Clementi West Street 2 have voted for direct lift access.

Their blocks, 501 and 505 at West Coast Drive, and 721, 722, 725 and 727 at Clementi West Street 2, will enjoy the benefits of the Lift Upgrading Programme (LUP). The upgrading cost will be largely subsidized by the Government and Town Council. Households need only pay for a small portion of the cost and may opt for a monthly payment plan.

## New features in the LUP include:

- ❑ A tool to detect and stop the lift car from moving when the landing door is not locked, or if the lift car door is not closed.
- ❑ A feature for lift passengers to have direct communication with personnel who can activate an emergency response.
- ❑ A battery-operated device which will bring the lift to the nearest landing and open both the lift landing and car doors in the event of power failure.

## BTOs Jewel and Glade coming up

Time to rejoice! With the announcement of two upcoming Build-To-Order projects in West Coast Town, this is certainly news to celebrate.

Jurong West Jewel will offer a total of 599 apartments. Developed by HDB, it is bounded by Upper Jurong Road and Jurong West Street 93 and comprises four residential blocks ranging from 12 to 18 storeys. There will be 187 units of 2-room

Flexi, 102 3-room, 157 4-room, and 153 5-room.

The Glade will transform Boon Lay Way and Boon Lay Drive with its Modern Forest theme with a focus on open green spaces.

This development comprises six residential blocks ranging from 15 to 17 storeys with a total of 775 units in the unit mix of 2-room Flexi, 3-room, 4-room, 5-room, and 3Gen flats.

Both projects are expected to be completed in 2022.

If we were faced with two choices: would you rather pick up litter or not litter at all? It would be safe to say that the choice would be the latter and Singapore would be much cleaner. This was the thrust of the island-wide month-long Keep Clean campaign in May 2019.

In Telok Blangah, five Residents' Committees took part in the campaign where RC members and residents turned up and spent a Saturday morning picking up litter. The RCs are Blangah Court, Blangah Garden, Blangah View, Depot Heights, and Dover Crescent.

At Blangah View RC, a participant said: "RC Chairman gave a warm welcome to the participants and divided us into groups to cover the neighbouring blocks. After an hour, we came back to the RC Centre with our bags of litter. It has been tough work but worth the efforts knowing that we have done a part in keeping our estate clean."

## Town Council foreman saves the day!

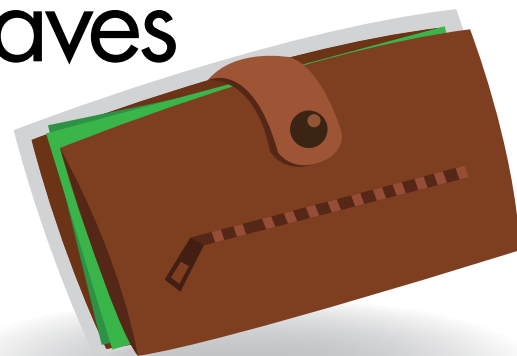

Mr Rakibul Hasan was on his way to work in the morning on May 9 when he picked up a purse on the ground near Block 510 West Coast Drive.

Without hesitation, the foreman, who has been with West Coast Town Council for 11 years, handed it to the Residents' Centre.

His civic-mindedness saved the day for the owner of the purse, Madam Nancy Tan, who had dropped it on her way to work.

Madam Tan, 66, was very glad when her purse was returned in the afternoon with

all its contents including a small amount of cash, two bank cards and a Plus card.

She said, "I am very happy and surprised that my purse was returned to me intact. It saved me the inconvenience of going through the replacement of the cards. Thank you, Mr Rakibul."

## Finding His Footing After Retrenchment

"I was retrenched twice as a Quality Control Technician, during both economic recessions in 1997 and 2007. So I made up my mind to try a new industry, take up courses and look for career guidance. I met with my career coach in 2011 and one of the first things I was advised on was to reformat my resume. I was taught to focus my career objectives and emphasise my passion in interacting with others. I also highlighted my 19 years of working in retail, manufacturing, engineering and shipping industries. After which, I experienced a 75% increase in interview call-backs and received an offer within a month."

## Returning to the Workforce After a Six-Year Hiatus

"When I moved back to Singapore with my husband and three-year-old son, my husband encouraged me to go back to work so we could both support the family. I attended a career fair by WSG and was advised to visit Careers Connect where I met my career coach. He led me through a series of personality tests and profiling quizzes that helped me discover my strength in administrative work. He advised me to take up a Microsoft Excel course to make myself more employable and I was offered a full-time position as an administrative executive at a dance school."

## Changing Career Paths After 40

"I was inspired by the tirelessness and the difference medical workers made in their patients' lives and considered a career switch. However, I was 44 years old then, with 20 years of experience as a technical specialist in the manufacturing industry – I knew I did not have the relevant qualifications and skills for this switch. My friends and family advised me against it but the more I thought about it, the more I wanted to make a difference. My career coach shared about healthcare jobs and relevant skills required, as well as the successes and challenges. As such, I committed to completing a WSQ Higher Certificate in Therapy Services and soon after, I got a job as a therapy assistant."
